I have also seen handling of meat products and then handling of sides without changing gloves. Please can extra caution be taken.	We will look into this

05/19/2016 05:03am	Is there a way we can be allowed to buy the cans of fizzy drinks (Fanta, lilt, etc) from the cafe when the bar is open? Why can we only have the soft drink selection of the coke and lemonade on tap and the fentimans drinks?	There is a vending machine

05/19/2016 07:48am	In response to a suggestion made during Easter Vacation, the reply stated that muffins are always available. They are not always available - with brunch rarely having them at all, even upon asking staff.	We alternate with crumpets and they are subject to availability

Or could a third veg be made available?</p>	No - there is a salad bar and you don't need to take the potato option.
05/20/2016 06:25am	<p>When the vegetarian option has dairy would it be possible to have a soup on that day that doesn't contain dairy so that vegans can have a hot dish beyond the baked potato option?</p> <p>Thanks!</p>	We will try
05/21/2016 03:28am	The quorn sausages for brunch are much nicer than the vegetable ones. Also, quorn burgers are available at medwards brunch and are a great success. Would love to see them here. But also brunch is already amazing thank you.	The current sausages are also suitable for vegans
05/21/2016 03:33am	About four years ago I remember the cafe serving a profiterole cake which was possibly the best cake ever made, but have never seen it since. Would this be possible to introduce again? I can't emphasise enough how amazing it was.	We always try and vary the cakes.

05/21/2016 03:34am	Can we get more vegetarian paninis on offer in the cafe? Halloumi paninis or vegetarian sausage paninis would be incredible.	Yes
05/21/2016 05:32am	why can't there be a pescetarian option for formal so you can have fish meals but not meat ones? these exist at lots of other colleges and surely would be easy to implement?	We have fish as the main course occasionally as we have meat
05/23/2016 04:32pm	Please bring back the old brownies instead of the one served everyday in the cafe. From speaking to other it's seems that everyone agrees that these are better.	We always try and vary the cakes.
05/24/2016 03:23am	The icings on the cakes in the cafe this term haven't been very nice :(Too sweet/too much butter! On the other hand, thank you for putting out more yogurt pots so that they're available later in the day - it's nice to be able to go grab one as an afternoon snack!	Thank you for your comments
05/24/2016 11:41pm	Hi, (don't know whether this is the right place) I really love the cafe and its a great place to hang out with the coffee being good and the prices really cheap. However, I'm pretty dissappointed with the change in the cakes - you used to do individual (what seemed like home-baked) cakes which were always something new and different each day, but now it just seems to be the same 4-5 things on rotation which come out of a mass-produced traybake thing. They just dont taste the same and it's pretty boring!	sometimes we make them and at other times we buy them. It depends on our schedule and staffing.
