

Alexandra Nikolin, Green Officer

Manifesto

- One compost bin per college kitchen.
- Actual recycling bins rather than cardboard boxes and plastic bags, with posters around the kitchens so everyone knows what can be recycled.
- Reduction of packaging waste at the buttery.
- More vegan options in the buttery, including desserts. Make use of the suggestion box to make the vegan options and meat-free Mondays more appealing.
- Provide every kitchen with a washing up bowl.
- Get everyone involved in Fitz Off.
- Continue fighting for divestment from fossil fuels, with events and petitions.
