

## **Tejas Easwar – ENTs Officer**

Hi I'm Tejas, I am a first year medic. I am motivated, dedicated and love a good event. I appreciate times are tough, but events will improve the mental health and happiness of all students. As a first year, it has been difficult to meet people socially. My ultimate aim for next term would be to have online and in-person events to allow people to make new friends. If I get elected, I will also work diligently to please my supreme leader Louis.

### Aims

- Work together with the Ents team
- Make events vibrant and interesting despite the difficult Covid period
- Try and get a few in person events next term if possible - especially for a 'refreshers event' next term
- For next term, perhaps we could use the JCR TV room to organise a socially distanced movie or TV event
- Have Pool Game Tournament in JCR. Perhaps a matching system, ensuring that people can adhere to rules
- Have a 'walking-buddy' system. Where people are matched up with a walking partner in college, if numbers are restricted. Thereby we can meet more people in college without breaking social distancing rules
- If lockdown measures ease, aim to have a few events outside

## **Natalie Rose – Ents Officer**

- Main aim would be to support Louis (Ents Exec) and come up with ideas for events that can take place online or socially distanced
- Organise fortnightly (or weekly depending on the demand) online quizzes and other online events
- More events to allow freshers to meet other people in their year that aren't on their corridor or doing their subject both in Refreshers Week and for next year's freshers
- More College Family events next Michaelmas (bring back Family Formal!)
- Buy more equipment for the JCR and De Smith room (table football, gaming consoles or games, board games, etc)
- I know how busy the Welfare Execs and Committee are and would be keen to work with them to organise welfare events like Bake Off or Netflix Party film nights if needed
- Hopefully it will possible to do more events in Easter/Michaelmas next year, especially outdoor events that can be socially distanced in the spring like Fitz Sessions (with a livestream for people in self-isolation?) or more open air music (maybe transform bops so they can be outdoors?), or even sport like a 5-a-side football tournament if government guidelines allow

Ceci Power – ENTs Officer

I'm Ceci, a second year geographer. As a sociable and motivated member of college I am very enthusiastic about getting more involved with the JCR, and helping to improve the dire state of all of our social lives due to corona. Being a geographer, I have a lot of time on my hands, and would love to use it in a more positive and productive way to help the college community. I hope to work together with the rest of the ENTs team to help organise events and ensure they run smoothly

Aims

Be hands on in helping organise events

Talk to / collaborate with as many members of college as possible in order to come up with events that will appeal to the diverse interests of our community

As a huge wii player, I would love to help secure funding for, and organise more activities and games in the JCR

Organise more fun outdoors events, such as mini concerts and talks, where corona permits, to bring together the members of college

## Abi Chapman – Ents Officer

I'm a second year Geographer who is keen to get involved in the JCR and college events. As Ents Officer we have the opportunity to create events that provide opportunities for college members to get to know each other and enjoy themselves, something that is extremely important given the difficult situation we have found ourselves in this year.

### AIMS:

- Work to towards creating frequent and timetabled online events so people are able to get involved socially within the college, irrespective of lockdowns/isolations
- Focus on student feedback and the use of opinion polls in order to provide events that meet the wants of college members
- Use the Fitz Ents Facebook as a tool, and effectively and creatively publicise Fitz Ents
- Creating the opportunity for non-Fitz members to attend larger events, covid permitting
