Experience

Fitz Winter Ball Treasurer

Fitz NatSciSoc Treasurer

Cambridge Union AV Officer

TedXCam Sponsorship Officer

Cambridge Hands-on Science Mathematics Coordinator

Organising the International Competition for Young Debaters with the Cambridge Union

CULA Speakers Officer

Why am I running?

As COVID continues to pose many challenges to the university, more than ever before, we need a strong JCR - with a focus on getting things done. We need a JCR concentrated on working with college, finding ways to improve our student experience.

We need a JCR that is ready to hit the ground running.

I have the experience, skills and drive to take the JCR through this challenging time - and to deliver on your priorities.

Student Representation in College

Push for renovation of the houses

Fair housing process for 4th years

Push for a 2021 Winter Ball!

A "COVID Officer" on the JCR

Welfare

Push for better training for tutors (subject-specific)

Well communicated support for self-isolating students

Events and ents

Facilitate more joint events with other hill colleges

A ReFreshers Week when it's safe to do so (Fitz Up!)

Target, Access & Ethical

Work with T&A officers to continue the fantastic workshops

Continue pushing for Divestment and ethical investment by college

Why vote for me?

I've sat in meetings of many college committees (like the JMA and JCR) and also on university-wide committees like CUSU Council.

I've supported local councillors on campaigns, including the one against the Kings Parade barrier.

In my work on the Fitz Winter Ball Executive, I got an £80 thousand budget preliminarily approved by college - though the event, of course, didn't happen. I know how to get things done in college.

I've led many committees organising large scale events - so I know how to lead the JCR to be the best it can be.

I've scrutinised the work of the Students Union at CUSU Council - ensuring they focused their budget on helping students.
